

Hayton & Tilm Parish Council NEWSLETTER

February/March 2020

The content, views and articles submitted by contributors do not necessarily reflect those of the editor.

It's been quite a busy month in the village with Village Hall activities, the Parish Council and Neighbourhood Plan meetings and the re-opening of the Boat Inn. It also feels good that Spring is only just around the corner too. Whilst we are still officially in Winter months, and with the constant reminders by the media that Coronavirus is a real threat, please take care of yourselves and look out for your neighbours.

We are still looking for someone to take over the Newsletter. The next edition will, unfortunately, be the last edition if we are not able to find a volunteer.

Taking Pride in our Village

We were contacted in January by Harrison Brown to ask if we would be willing to support him in his quest to achieve his Duke of Edinburgh Bronze Medal. Harrison's project is to litter pick in the village over a period of 3 months. What an amazing job he's doing too. He has already filled over 5 bags of rubbish and will continue to keep count until the end of the project.

Harrison also told us that there is a significant amount of dog fouling in the village. A polite reminder to those of us with dogs... please pick up after your dog!

Nottinghamshire Police have recently started using a new system for recording incidents. As from this month, the Police report will include anti-social behaviour incidents only, negating other incident types from this category, such as hoax calls to the emergency services, found/ abandoned vehicles and wildlife/ animal issues. These figures should, therefore, start to decrease but will be more accurate in relation to actual anti-social behaviour incidents on the area.

There would appear to have been a noticeable increase in vehicle crime, theft of and theft from motor vehicles, across rural East Bassetlaw. This has certainly been replicated across this best area this last month. Please be vigilant. This includes locking your vehicle when leaving it and not leaving anything on view in your vehicle.

Around this time of the year, there is traditionally an increase in the number of vehicles collecting scrap metals, which also suggests that there is an increase in the sell on price in this type of commodity. Also, there is usually an increase in doorstep salesmen and persons wishing to complete gardening and handyman work. Please report this type of activity through to 101, as these situations would certainly fit the suspicious persons/ activity category.

As ever, the beat team will keep an eye out to look after you and your homes. The team would like to hear from any community members who would like some crime prevention advice, or even just a reassurance visit.

Neighbourhood Plan

Our latest Neighbourhood Plan meeting was held on 5 March at the Village Hall.
The following topics were discussed:

Funding

A grant application document was prepared in draft form which will now be sent to our consultants at Open Plan for vetting and for the addition of their input.

Parish Questionnaire

A final draft has been prepared in readiness for issue to all residents when the grant has been secured. There will be a separate Questionnaire for the business community. If you do run a business within the Parish please do not hesitate to get in touch with us so that we know about you. You can email any of the Parish Councillors, their details are on the website www.haytonparish.co.uk

Site Allocation Forum

It was agreed that the Neighbourhood Planning Working Party would host a Site Allocation Forum.

The Site Allocation Open Forum will take place at 6.30pm on Wednesday 1 April 2020 in the Village Hall.

Landowners who have an interest in developing their land are invited to attend to share their plans and ideas with local residents.

The purpose is to gauge the views of the community, which in turn will support the preparation of the Neighbourhood Plan.

For those landowners who would like to share their plans, please email sue.gott@haytonparish.co.uk to ensure you are allocated a time slot which we anticipate will be 15 minutes with 5 minutes for questions.

These are all opportunities for residents to shape the future of our village so please come along.

We hope that as many resident will attend as possible as we expect lively debate. If anyone needs assistance to be able to attend, or prefers to submit questions in advance because they are unable to attend please let us know using the email address above.

We now have a Neighbourhood Plan section on the website where we will continue to post agendas and minutes and we will also be making sure that the questionnaires are available electronically to download too.

We would welcome additional members to the Working Party since we will be starting work in earnest from April onwards and there will be lots of activities that we will need support with. This will include the distribution of the questionnaires, helping our neighbours to complete them and pulling together the findings. For those with a real interest in local affairs this is a real opportunity to get involved.

Special thanks this month to **Tamara Burton** who continues to work tirelessly to organise us all.

Finally, we have the option to have a logo for our plan. Here are some of the designs available. Do you have a preference? Let us know....
